**PETITION TO PARTICIPATE**

**IN ACCORDANCE WITH 78 FR 50113 (4) & 37 CFR 351.1(b) (2)**

\*\*\*\*\*

Seek a Petition to participate regarding Reasonable Rates and Terms for Noncommercial Broadcasting 2012-(7); in accordance with 37 CFR 351.1(b) (2).

Although the proposed in sub subsection 314 (a) of the Act. Set forth in 31 CFR would implement the authority to participate in 314(b) in accordance with 31CFR 103.100; The Participation by way of copyright.

SUPPLEMENTARY INFORMATION: Pursuant To the Paperwork Reduction Act of 1995 (Pub. L. 104-13), NARA invites the general public and other Federal agencies to comment on proposed information collections. NARA published a notice of proposed collection for these information collections on November 24, 2010 (75FR 71743 and 71744).

Further evidential information in support;

And having a vested interest regarding NARA published notice surrounding the collection of information. On behalf that it is suggested the original collection had no commercial value. However, and on the contrary the writer will respectfully suggest that his literary work, the work in question has had Global implication with insurmountable value regarding the Shared Procedures, as outlined in my original literary work pursuant to 31 CFR part 103.100

[FR Doc. 02-24142 filed Sept 09 2002] and in PL 107-56  
Further evidential information in support;

The writer suggest the evidence in exhibit 500 @ Bates 6/3/13 Tr. No MPAA-RP-05219 157 exudes germane with respect to the writer and the subject surrounding the home audio video surveillance, captured by CSIS, via the local cable network access.

Notwithstanding the spliced feed accessed across a major network during the 2002 Super Bowl Game. The writer, had been the Home Alone star in those productions and would respectfully suggest to the Copyright Royalty Judge to ponder this submission into making a proper distribution.

As mentioned the writer has not nor had ever been approached by any agent, agency, foundation or the likes there of. To act on the writer's behalf. Yet, when the write had read the Judges' decision it spoke volumes and was the inspiration for my participation.

And on the commencement of Phase II Proceeding

Consistent with 17 U.S.C. 804(b)(8), the Copyright Royalty Judge determine that a Phase II controversy exists as to the distribution of the 2000, 2001, 2002, and 2003 cable royalties. We reach this determination based on a Motion to Initiate Phase II Proceedings by the Joint Sports, Program Suppliers, and Devotional Claimants, three Phase I claimant groups, filed with the Judges on January 14, 2011. The Motion states that "[n]o pending controversies exist with respect to Phase I. However, controversies continue to exist with regard to Phase II in the devotional sports, and syndicated programming categories. For example, one party, Independent Producers Group ("IPG") Claims that it represents copyright owners with [unresolved] Phase I, I claims in each of these categories." Motion at 1. The Motion further states that "[t]he Phase I Parties are also aware of other ongoing Phase II controversies, including ongoing Phase II controversies sin the syndicated programming category between the MPAA-represented Program Suppliers and the NAB represented Program Suppliers as to the 2000, 2001, 2002, and 2003 royalty years, and between the MPAA represented.

I am also aware that the Copyright Royalty Judge had suggested the benefits of proceeding via the above.

49. The Commissioner of Patents, the Registrar of Copyrights or an officer, clerk or employee of the Copyright Office may sign certificates and certified copies of the Register of Copyrights.

R.S., 1985, c. C-42, s. 49; 1992, c. 1, s. 47; 1993, c. 15, s. 4.

Register to be evidence

53. (1) The Register of Copyrights is evidence of the particulars entered in it, and a copy of an entry in the Register is evidence of the particulars of the entry if it is certified by the Commissioner of Patents, the Registrar of Copyrights or an officer, clerk or employee of the Copyright Office as a true copy.

Owner of copyright;

2) A certificate of registration of copyright is evidence that the copyright subsists and that the person registered is the owner of the copyright. Moreover and pursuant to an international setting.

## Berne Convention: Article 2 – Literary Work

1) The expression "literary and artistic works" shall include every production in the literary, scientific and artistic domain, whatever may be the mode or form of its expression, such as books, pamphlets and other writings; lectures, addresses, sermons and other works of the same nature; dramatic or dramatic-musical works; choreographic painting, architecture, sculpture, engraving and lithography; photographic works to which are assimilated works and entertainments in dumb show; musical compositions with or without words; cinematographic works to which are assimilated works expressed by a process analogous to cinematography; works of drawing, works expressed by a process analogous to photography; works of applied art; illustrations, maps, plans, sketches and three-dimensional works relative to geography, topography, architecture or science.

The writer will suggest that under current circumstances of the daily attempts with the locals and or official pathways. The writer is subjected to constant computer invasion and internet hackers. The writer is literally unsure of the reliability and authenticity of any correspondence.

Considering the Digital Theft Deterrence and Copyright Damages Improvement Act of 1999 amended section 504(c) as follows: 1) in paragraph "\$750" in lieu of "\$500" and by inserting "\$30,000" in lieu of "\$20,000" and 2) in paragraph (2), by inserting "\$150,000" in lieu of "\$100,000" Pub .L No. 106-160.133 Stat. 1774. And by inserting "\$200" in lieu of "\$100." Pub. L. No. 100-568, 102 Stat. 2853, 2860.

## **I light of the Federal Register / Vol. 78, No. 159/ Friday August 16, 2013 / Notices**

However, the writer has identified a controversy as to the distribution of Phase I. In so much that the Copyright Royalty Judges had previously designated "Sound Exchange" as the Collective to Collect and distribute Section 112 and 114 royalty fees, including with respect to Business

Establishment Services in CRB Docket No. 2007-1 for the time period 2009-2013. And C.F.R. 384.2. The fact that Sound Exchange had collected and distributed hundreds of millions of dollars in statutory royalties of copyright owners in previous rounds; and had indicated a significant interest in the royalty rates and terms that are the subject of the instant proceeding. Pursuant to 17 U.S.C. § 803(b) (I) (B).

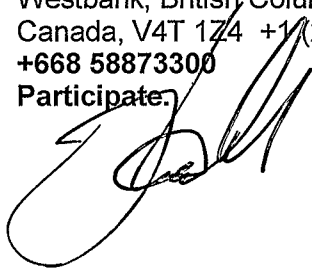

Yet, the controversy is with Sound Exchange, as they made the claim to participate fully in the instant proceeding in accordance with 37 C.F.R. § 351.1(b) (1). However to date, and at no time had "Sound Exchange" acknowledged my many attempts to contact, or made an effort to

reply to my pleas, or sought a method to distribute the rightful royalties to Thomas Darcy Welch, the original writer, and original copyright owner for his vested interest, contribution and or legal moral right to obtain royalties in accordance with the noted and above so mentioned

The writer will then respectfully suggest that when one encompasses this Petition to participate there is more than ample germane to warrant the reevaluation of proper distribution.
